Lighthouse Prime Services Announces Upcoming Capital Introduction Program Events

NEW YORK – Wednesday, August 26, 2009 - Lighthouse Prime Services, a division of Lighthouse Financial and a leading prime brokerage services provider dedicated to the needs of emerging and newly established hedge funds and managed account platforms, announces its upcoming slate of events as part of **Lighthouse Prime Services' Capital Introduction Program**. Based upon the success of recent Lighthouse Prime Services' Investor Roundtable events that took place in Chicago and San Francisco, Lighthouse Prime Services will be hosting additional events in **New York City on September 30th** at the Roosevelt Hotel, **Palm Beach, Florida, on November 5th at the Breakers**, and a year-end event in **New York City on December 8th**.

Working in conjunction with Lighthouse Prime Services strategic partner, [Hedge Connection](#), the Investor Roundtable events provide an open forum for a select number of hedge funds. These events allow the funds to meet with several investors comprised of family offices, fund of funds, endowments and seeders, in a fast paced yet intimate setting. "The success of these events has been driven by a constant stream of talented managers, matched with a rotating roster of highly engaged investors," said Steven Simmons, Managing Director of Lighthouse Prime Services. "While it's obviously gratifying to hear of our managers receiving allocations, it's even more encouraging to hear the investors coming back complimenting the quality of the managers and asking to be a part of our events going forward," Simmons continued.

Lighthouse Financial's Investor Roundtables have been successful events due to the program's streamlined nature. Investors meet a significant number of funds in a short amount of time, and are able to learn the key differentiation factors in creating alpha. The roundtable portion of the event is focused and goal-oriented and is followed by a cocktail hour in which funds and investors are able to interact in a more informal environment. The Palm Beach, Florida, event will also feature an investor manager golf outing and cocktails at the world famous Breakers Hotel, while the year end event in New York will be followed by an investor-manager Texas Hold 'Em tournament.

"We are extremely encouraged seeing the sincere interest the investors have expressed in meeting talented managers," stated Jamie Caputo, Managing Director & Co-Head of Lighthouse Prime Services. "Our ability to provide a bona fide capital introduction program to our prime brokerage clientele is a key differentiating factor among the introducing prime brokers, and reinforces our commitment to being a partner in our client's growth."

About Lighthouse Prime Services:

Lighthouse Prime Services, a division of Lighthouse Financial, specializes in prime brokerage, high velocity trading and capital introduction services. Clients include high frequency trading groups, small to mid-sized hedge funds and large institutions. The Lighthouse Prime Services team is comprised of industry veterans who have spent the majority of their careers working at major prime brokerage firms and are uniquely qualified to help hedge fund managers succeed in today's marketplace with their expertise in operations, systems and trading and deep industry relationships. Where most firms "tier" their clients according to size, Lighthouse is committed to high-touch service and access regardless of size. For further information please visit www.lighthouseprime.com.

About Lighthouse Financial:
